

# **CS344: Design and Analysis of Computer Algorithms**

## **Recitation 1**

Hoai-An Nguyen  
hnn14@scarletmail.rutgers.edu

## General Recitation Overview

- Short overview of lecture material
- Mostly practice problems
- Q&A on lecture material
  - Individual questions on HW should be saved for office hours
- Office hours will be released shortly
- Recitations are not required but recommended :)
- Periodically will send an anonymous survey for your recommendations, but please let me know of any improvements I can make at any time!

## Setting Up Latex

- Overleaf (no installation necessary)
- Or Install it locally
  - <https://www.latex-project.org/get/>
  - Tex Live for Windows

## Homework 0

- For extra credit
- Basic latex skills
- We provide the template
  - Download the template from canvas (under files)
  - Open it in your latex editor or upload it to Overleaf
